18th IWA World Conference on Anaerobic Digestion

June 2-6, 2024 / Istanbul Congress Center / Istanbul / Türkiye

The 18th IWA World Conference on Anaerobic Digestion (IWA AD18) will be held in Istanbul, Türkiye, on June 2-6, 2024. IWA AD18 Conference is one of the most important international events in anaerobic digestion, where the latest developments and innovations in the field of anaerobic technologies will be discussed by academicians, researchers, and representatives of the public and private sectors around the world. The event includes workshops, keynote lectures, interactive discussions, exhibitions, technical tours, and social events.

The conference will take place first time in a region that bridges Europe and Asia. Istanbul Airport is the second largest airport in the world and has more than 260 flight destinations on 6 continents. Thus, having the conference in Istanbul will facilitate extending the network with new people from different countries.

Topics

- Novel and hybrid/integrated anaerobic process configurations and emerging technologies.
- Microbial diversity in anaerobic processes.
- Anaerobic treatment of industrial, municipal, and agricultural waste(water)
- Anaerobic digestion coupled with algal biomass: Algae-microbiome interactions.
- Bio-based fertilizers from digestate in green biorefinery.
- Valorization of anaerobic digestate from biowaste to high-value-added products.
- Advanced processes and technologies for enhancing waste degradation and biogas production.
- Anaerobic co-digestion for maximizing biogas production.
- Pre- and post-treatment strategies for anaerobic digestion.
- Modeling, optimization, instrumentation, and control of anaerobic processes.
- Circular bioeconomy concept: Nutrient, energy, and product management through anaerobic digestion.
- Presence and fate of micropollutants during anaerobic digestion.
- Biogas upgrading and use areas.
- Economic and environmental sustainability analysis of anaerobic processes.
- Water, sanitation, and hygiene concerns in resource-constrained communities.
- Policy issues related to anaerobic digestion.
- Utilization of direct electron transfer materials in anaerobic digestion.

Your advantages as a sponsor

- A high profile brand existence and visibility during one of the most important conferences in anaerobic technology and bioenergy sector.
- Fruitful discussion environment with the decision-makers and leading experts.
- Potential international collaborations among delegates and other sponsors.
- Focused distribution of your company's promotional material in the conference bags.
- Highlighted listings in the conference programme brochures and on the conference website.
- Effective presence in a unique environment.
- Enjoy well-targeted networking opportunities.
- Multiple panel discussions with industry professionals.
- Extensive visibility and client interaction.

We invite you to join us as a Sponsor

Sponsor Packages	Platinum	Gold	Silver	Bronze
Package Price* (EURO)	20,000	15,000	10,000	5,000
Visibility @ Opening Ceremony with logo and/or company name	Large size	Medium size	Medium size	Small size
Visibility @ the Main Hall with logo and/or company name	Large size	Medium size	Medium size	Small size

Logo in conference program booklet	YES	YES	-	-
Logo on sponsors page website + link	YES	YES	YES	YES
Sponsor leaflet/promotional materials in delegate bags	YES	YES	YES	YES
Sponsor column in the conference proceedings (words)	400	300	200	100

*VAT excluded prices

App Sponsor

11,500 EUR

- All registered delegates attending the conference will be provided with access to the App
- Company logo display on the App homepage
- Acknowledgment on the conference website including company logo and link to website

Conference Bag Sponsor

6,800 EUR + Bag Cost

- Link to company website from conference website
- Acknowledgment on conference website
- One complimentary delegate registration
- Corporate design in full colour on one side of conference delegate bag

Lanyard Sponsor

5,000 EUR

(Right to provide – Limited to one organisation)

Ideal for companies or organisations seeking a strong visual positioning at IWA AD18, the lanyard package represents excellent value.

Benefits**:

- Company logo printed on lanyards*
- One (1) complimentary bag insert for inclusion in satchel (to be provided by sponsor and subject to approval by the organising committee)
- Acknowledgment on the conference website including company logo and link to website

*Branding and design is subject to approval of the organising committee.

**The company should support the conference as a silver sponsor at least.

18th IWA World Conference on Anaerobic Digestion

June 2-6, 2024 / Istanbul Congress Center / Istanbul / Türkiye

About IWA

International Water Association (IWA) is a global network of water professionals, spanning the continuum between research and practice and covering all facets of the water cycle. IWA members (including academic researchers and research centers, utilities, consultants, regulators, industrial water users and water equipment manufacturers) collaborate to promote the development and implementation of innovative and effective approaches to water management.

About ITU

Istanbul Technical University (ITU) was founded in 1773, which is one of the oldest technical universities of the world. In addition to contributing to the development of the country for more than two centuries, ITU has left marks in many areas by raising countless scientists, business people, politicians and bureaucrats. ITU became the "47th greenest campus in the world" in the UI GreenMetric ranking. ITU has ranked 108th in the Engineering and Technology area in the world, and taken the 1st place in Türkiye according to QS World University Rankings by Subject 2023.

Conference Venue - Istanbul Congress Center

Istanbul Congress Center is an international congress and event destination, boasting world-class technological infrastructure, experienced staff, and a high-quality service it offers to visitors. Spanning an area of 120,000 m² on a total of eight floors, Istanbul Congress Center hosts social, cultural and professional events of all kinds, including but not limited to national and international congresses, conferences, symposiums, corporate meetings, fairs, exhibitions, concerts, musicals, and theater and movie premieres. Istanbul Congress Center is situated in the Congress Valley in Taksim-Nisantasi district, which is the most elegant and central destination in Istanbul.

Various prominent cafes, restaurants, hotels and shopping facilities surround Istanbul Congress Center. Istanbul Congress Center is close to most of the commercial and cultural spots of the city providing a privileged and unique place for the guests.
